

ACCESSORIES

Gear Saving Magnetic Plugs

Magnetic plugs are worth their weight in gold. They remove highly abrasive metal particles and flakes from the oil before they can create excessive wear. Get several!

It doesn't matter what condition your rear end is in now (brand new or old), these are an absolute must. Also inexpensive.

Available in 3 most popular sizes:

1/4"-18NPT	Part #MP1	Price \$3.50
1/2"-14NPT	Part #MP2	Price \$5.00
3/4"-14NPT	Part #MP3	Price \$6.60

Made in U.S.A.

Broken Cross Shaft Bolt Remover

It happens a lot you're trying to change your axle bearings or rebuild your unit when suddenly you can't remove the cross shaft because the retaining bolt broke off and the shank of the bolt is still in the carrier, bumper.

Solution

Part #BCSBR

Price \$29.65

LUBRICATION

Lucas Gear Lube

We offer and recommend lucas 85-140 gear lube. It's slippery and won't let you down. Use a quality lube for quality results.

Price is \$7.50 per quart.
12 quarts per case

Posi Additives

We use G.M. additives in units that utilize steel clutches or cones and for units with combo's of steel and fiber we use Ford additive.

One container per rear is enough dude!

Note! With brand new Eaton Posi's we do advise 2-GM additives on the initial fill

Goodwrench GM Posi add

Part #G-PA

Price \$12.00 ea.

Dana Add

Part #D-PA

Price \$6.35 ea.
